Keter Quality Promise

Your "Made in the USA" Keter Lakeside Collection Adirondack was hand-crafted in Lancaster, PA using the highest quality virgin and recycled High-Density Polyethylene (HDPE) materials, the gold standard in plastic.

For the past 70 years, Keter has been creating inspired lifestyle products that enhance people's spaces, elevate their experiences, and are built to last a lifetime. Keter Lakeside Collection Adirondacks feature:

- Industry-leading mortise and tenon construction and stainless-steel hardware
- Color-through construction and textured appearance to emulate the authentic look of hardwood
- UV-enhanced materials to prevent fading (includes exclusive 2-year fade warranty for peace of mind) however, upon sun exposure all colors will fade, to some degree, over time. Keter, at its sole discretion, will determine if fade is beyond normal and replace the abnormally faded part or product.
- Virtually maintenance-free materials that don't require staining or painting—and require minimal upkeep (furniture should be cleaned regularly—and depending on region can get surface mold)
- Manufactured using a proprietary blend of virgin and eco-friendly recycled material to help keep our planet and environment clean
